

## Scientific & Administrative Staff Mobility 2017

### What's it about?

To strengthen **collaborative relationships**, to **promote** ongoing and new **collaborations** and shared knowledge between Hong Kong University and Technische Universität Dresden, we are now offering financial support for **long-term stays in Dresden for scientific, professional and cultural exchange**. Financial support will be available for **time periods** from **14 days** up to **6 months**.

### Who is eligible?

- **Academic staff** employed by Hong Kong University who is working on diabetes and/or depression research projects
- **Professional staff** employed by Hong Kong University who will provide support to promote collaborative partnerships and joint projects between Technische Universität Dresden and Hong Kong University

### Possible aims of a proposed stay abroad:

- development of new or continuation of ongoing projects in the field of diabetes and/or depression
- preparation of applications for third-party funds for joint projects
- Initiation of joint projects within the partnership, e.g. in research support, fundraising, student & staff exchange, etc.
- professional and cultural exchange on administrative level, e.g. via job shadowing

### How much funding will I get?

**EUR 89** per day for up to 22 days **OR EUR 2000** per month to cover living expenses **plus EUR 725** once for travel costs

### How to apply:

We are looking forward to your application **till 22<sup>nd</sup> of February**. Please submit your application with the following documents **via e-mail to [felix.klee@tu-dresden.de](mailto:felix.klee@tu-dresden.de)** (see contacts below):

- Letter of motivation/project outline (short description of your current position, proposed outcomes, expected benefit from the stay, proposed schedule for the planned stay, previous connections to the visited facility)
- Declaration of consent signed by your Supervisor
- If possible: Letter of invitation of the corresponding partner at TU Dresden

### Contact Dresden, Proposals:

Felix Klee,

Development and International Affairs, School of Medicine, TU Dresden
