

生物醫藥技術國家重點實驗室

THE STATE KEY LABORATORY OF PHARMACEUTICAL BIOTECHNOLOGY

L8-33A, Li Ka Shing Faculty of Medicine, 21 Sassoon Road, Pokfulam, Hong Kong • Tel: (852) 39179747 • Fax: (852) 28162095 • www.skplb.hku.hk

Senior Research Assistant/Research Associate in the State Key laboratory of Pharmaceutical and Biotechnology of the Department of Medicine on Immunoassay Development

Applicants should hold a Master or PhD degree in Biomedical Sciences, Immunology, Molecular Biology or a related discipline, to work on development of innovative immunoassays for clinical diagnosis. The candidate is expected to coordinate with other team members and industrial partners to develop and validate assays and to bring the assay products to clinical applications. Experience in immunoassays, clinical diagnosis, antibody production and purification, and animal handling would be an advantage.

A highly competitive salary commensurate with qualifications and experience will be offered, in addition to annual leave and medical benefits.

Applicants should send a completed application form together with an up-to-date C.V. to alds324@hku.hk. Application forms (345/1111) can be obtained at <http://www.hku.hk/apptunit/jr-form.doc>. Further particulars can be obtained at <http://jobs.hku.hk/>. **Closes October 31, 2014.**

The University places great emphasis on staff development to help staff develop potential, and has in place a variety of development opportunities catered for staff at different stages of career development.

The University thanks applicants for their interest, but advises that only shortlisted applicants will be notified of the application result.
